Description of what is meant by a “**Serious Health Condition**” under the Family Medical Leave Act.

A “**Serious Health Condition**” means an illness, injury impairment, or physical or mental condition that involves one of the following:

1. Hospital Care

Inpatient care (i.e., an overnight stay) in a hospital, hospice, or residential medical care facility, including any period incapacity or subsequent treatment in connection with or consequent to such inpatient care.

2. Absence Plus Treatment

(a) A period of incapacity **of more than three consecutive calendar days** (including any subsequent treatment or period of incapacity relating to the same condition), that also involves:

(1) **Treatment two or more times** by a health care provider, by a nurse or physician’s assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders of, or on referral by, a health care provider; or

(2) **Treatment** by a health care provider **on at least one occasion** which results in a **regimen of continuing treatment** under the supervision of the health care provider.

3. Pregnancy

Any period of incapacity due to **pregnancy**, or for **prenatal care**.

4. Chronic Conditions Requiring Treatments

A **chronic condition** which:

(1) Requires **periodic visits** for treatment by a health care provider, or by a nurse or physician’s assistant under direct supervision of a health care provider;

(2) Continues over an **extended period of time** (including recurring episodes of a single underlying condition);
and

(3) May cause **episodic** rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.)

5. Permanent/Long-Term Conditions Requiring Supervision

A period of **incapacity** which is **permanent or long-term** due to a condition for which treatment may not be effective. The employee or family member must be **under continuing supervision of, but need not be receiving active treatment by, a health care provider**. Examples include Alzheimer’s, a severe stroke, or the terminal stages of a disease.

6. Multiple Treatments (Non-Chronic Conditions)

Any period of **absence** to receive **multiple treatments** (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for **restorative surgery** after an accident or other injury, **or** for a condition that **would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment**, such as cancer (chemotherapy, radiation, etc.) severe arthritis (physical therapy), kidney disease (dialysis).
