Major in Anything and be Pre-Physical Therapy at NEBRASKA!

Pre-Physical Therapy (PT) is one of sixteen advising categories in Pre-Health indicating your interest in pursuing coursework to prepare for and apply to PT school. The great part is you can major in anything and pursue these paths. You are not locked in; choose from any of Nebraska’s 150 majors. Will it be one of the sciences, engineering, business, humanities, or even the arts? The options are HERE and the choice is YOURS!

Why NEBRASKA for Pre-Physical Therapy?

The University of Nebraska-Lincoln has graduated more health professionals than any other school in the state. Learn from faculty who are experts in their field, through hands-on experiences in research and instructional labs. For example, our anatomy lab utilizes a variety of technologies, and human cadavers to provide you with an interactive learning experience. You can even apply to be an Intern or Teaching Assistant as an undergraduate student.

Explore the human side of health care with our unique Humanities in Medicine Program designed to support students’ learning about the social and cultural contexts of health, illness and medical care. Enroll in relevant and engaging courses in the humanities and social sciences that will complement and balance your preparation in the life sciences.

Your success is the number one priority for the professional advisors in our Explore Center, connecting you with resources and staff to help you reach your goals. From course selection and planning, to application timeline and entrance exam preparation; from experiential opportunities to networking with professional school representatives - our Explore Center will help you excel.

Make Your Physical Therapy School Application Stand Out.

Getting accepted to professional school means finding a way to distinguish yourself from others. Develop academically and personally, becoming the type of applicant professional schools want by:

- Connecting with other students interested in the healthcare fields in our first-year learning communities
- Developing leadership skills by joining one of the health-related student organizations
- Getting a first-hand look at your areas of interest through a shadow or volunteer experience
- Engaging in undergraduate research to apply what you are learning in the classroom
- Exploring the world through our diverse education abroad opportunities

All these growth and leadership opportunities are waiting for you at NEBRASKA!
