### Statement of Advisors

- I have read the attached proposal, approve it for thesis research and agree to supervise the student's research.
- I have discussed the GPA requirements for distinction with this student and also believe this student has a reasonable chance of achieving the minimum cumulative GPA required for **any** level of distinction (i.e., 3.500).
- I have discussed with the student that the Committee determines the level of distinction by using the cumulative grade point average based on all credit hours taken at UNL prior to the beginning of the term in which the student receives his or her degree. Incomplete coursework and classes from the current are not included in the determination of level of distinction.
